Staff Report

Agenda Item: WORKSESSION
Discussion regarding proposed changes to Chapter 7 – Sign Code of the Zoning Code

Staff Contact: Guss Espolt and Beth Escobar

Meeting Date: June 6, 2012

Background:

Over the past year, a variety of concerns regarding the current Sign Code arose, including the lack of definitions related to monument signage and the need to clarify requirements regarding event signage. Upon reviewing the existing ordinance, staff has identified other areas that may warrant modifications.

Additionally, staff has recently completed draft changes to the Subdivision Ordinance which will be reviewed by Town Council on June 12, 2012. With approval of the Subdivision Ordinance by Council, a new template for the entire Zoning Code will be adopted. An example of how the Sign Code would look with this new formatting is included in the packet.

Staff would like the Board to discuss the following proposed changes to the Sign Code:

- Clarification of language throughout the document. For example, in Section 7-6-M-Window signs, staff is suggesting changing the existing language:
 - *'may cover up to one-half (1/2) the window area' to*
 - *No more than fifty percent of the window shall be opaque.*
- Add a Section in the Sign Code regarding permitted signage in the 89A Corridor Commercial Overlay District per Chapter 3-14 of the Zoning Code.
- Inclusion of graphic representations to assist in understanding the code. A sample is included with the packet.
- In Section 7-3-A, add the requirement for a banner permit with fee, to assist staff in tracking compliance of banners.
- Staff is working on a Special Event Permit, to be used for non-Town sponsored functions. Staff is proposing that specific A-frame signs be permitted for these events to assist in providing directions and labeling of event sites.
- Add a Section about Sign Walkers being a permitted use per ARS 9-499.13. Since the state allows for this type of use, our code should reflect it as a permitted use.
- In Section 7-6-O, allow for off premise sign kiosks that share a variety of signage and eliminate #8. Staff sees sign kiosks as a way to direct traffic flow and also establish a sense of place within the Town, so would prefer to encourage this use.
- Require a permit for Home Occupation Signs so that staff can cross check against business license database and also review sign copy.

Staff Report

Staff would like to hear any suggestions the Board has for additional changes.

Recommendation: Provide direction to staff on how to proceed with these proposed changes.
