

**NOTICE OF A SPECIAL MEETING OF THE COMMON COUNCIL  
OF THE TOWN OF CLARKDALE**

**Tuesday, February 24, 2015 at 3:00 P.M.  
Clark Memorial Clubhouse, Men's Lounge**

PURSUANT TO A.R.S. §38-431.02, NOTICE IS HEREBY GIVEN to the members of the Common Council of the Town of Clarkdale and to the general public that the Town of Clarkdale Common Council will hold a Special Meeting open to the public on **Tuesday, February 24, 2015, at 3:00 p.m.** in the **Clark Memorial Clubhouse, Men's Lounge, 19 N. Ninth Street, Clarkdale, Arizona.** Members of the Clarkdale Common Council will attend either in person or by telephone, video or internet conferencing. Pursuant to A.R.S. §38-431.03, the Council may vote to recess the meeting and move into Executive Session on any item, which will be held immediately after the vote and will not be open to the public. Upon completion of Executive Session, the Council may resume the meeting, open to the public, to address the remaining items on the agenda.

Supporting documentation and staff reports furnished to the Council with this agenda are available for review on the Town website at [www.clarkdale.az.gov](http://www.clarkdale.az.gov) and the Town Clerk's Office.

The undersigned hereby certifies that a copy of this notice was duly posted on the Community Development Building bulletin board, located at 890 Main Street, Clarkdale, Arizona on February 19, 2015 at 1:00 p.m.

*Kathy Bainbridge*  
KATHY BAINBRIDGE  
CLERK/FINANCE DIRECTOR

*As a reminder, if you are carrying a cell phone, electronic pager, computer, two-way radio, or other sound device, we ask that you turn it off at this time to minimize disruption to this meeting.*

**ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR DISCUSSION AND POSSIBLE ACTION, UNLESS OTHERWISE NOTED.**

- 1. CALL TO ORDER**
- 2. PUBLIC COMMENT** – The Town Council invites the public to provide comments at this time. Members of the Council may not discuss items that are not specifically identified on the agenda. Therefore, pursuant to A.R.S. §38-431.01(G), action taken as a result of public comment will be limited to directing staff to study the matter, responding to any criticism or scheduling the matter for further consideration and decision at a later date. Persons interested in making a comment on a specific agenda item are asked to complete a brief form and submit it to the Town Clerk during the meeting. Each speaker is asked to limit their comments to five minutes.
- 3. CONSENT AGENDA** - The consent agenda portion of the agenda is a means of expediting routine matters that must be acted on by the Council. All items are approved with one motion. Any items may be removed for discussion at the request of any Council Member.
  - A. Reports** - Approval of written Reports from Town Departments and Other Agencies  
Building Permit Report – January, 2015  
Capital Improvements Report – January, 2015

Magistrate Court Report – January, 2015  
Police Department Report – December, 2014 and January, 2015  
Water and Wastewater Report – January, 2015  
Trash and Recycling Report – November, December, 2014  
Clarkdale Fire District Report and Mutual Aid Responses Report – January, 2015

### **NEW BUSINESS**

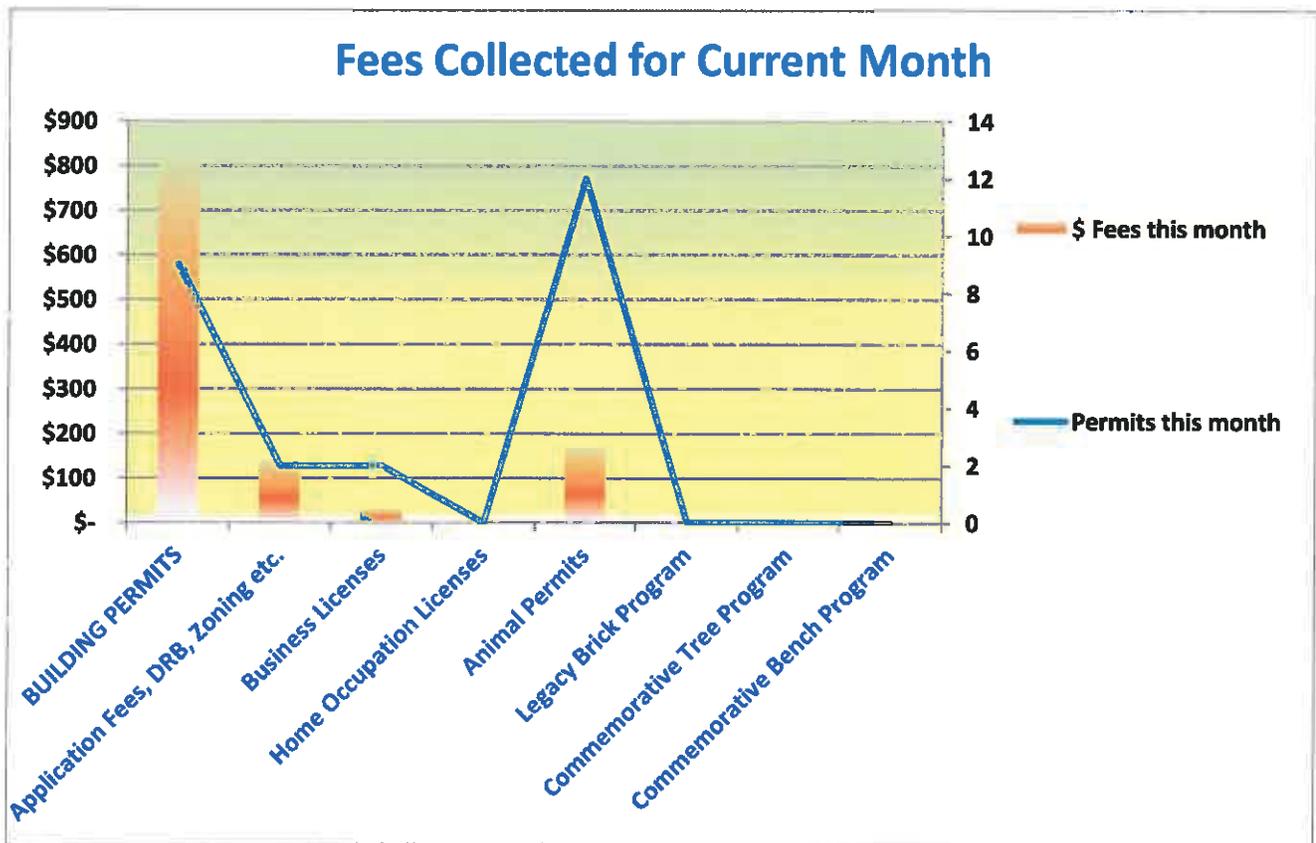

4. **WORKSESSION** – A presentation, review and discussion of the information and data recently collected by the Community Services Department regarding usage of certain services and programming.
5. **FUTURE AGENDA ITEMS** - Listing of items to be placed on a future council agenda
6. **ADJOURNMENT**

Persons with a disability may request reasonable accommodations by contacting the Town Hall at 639-2400 (TTY: 1-800-367-8939) at least 72 hours in advance of the meeting.

Utilities Department Capital Improvements Projects – Update: November 1, 2014

Priority	Issue	Action Steps	Due Date	Assigned To	Comments
1	Wastewater Treatment Plant	New Wastewater Treatment Facility		Utilities	

**3-01-14** – On February 6, 2014 APS did an energy audit of the new WWTP to determine options to lower the energy costs for operating the new system. APS recommended that we install a variable frequency drive (VFD) on each blower to reduce energy costs. We received a quote from Grand Canyon Pump & Supply for two new VFDs for the system blowers at a cost of \$18,000 for the two VFDs. The DanFloss VFDs are the same type of VFD that was installed on the Mountain Gate well. It is intended that we installed the VFDs in-house.

**4-01-14** – We have received a quote from Grand Canyon Pump & Supply for two new VFDs for the wastewater treatment plant system blowers at a cost of \$18,000 for the two VFDs. This quote is for the purchase of the VFDs only and we intend to install the VFDs in-house with assistance from Grand Canyon Pump & Supply. Total cost including installation should be less than \$25,000 and will be funded from the WIFA loan

**5-01-14** –Grand Canyon Pump & Supply is researching options to reduce electrical costs at the WWTP. They quoted two new VFDs for the wastewater treatment plant system blowers at a cost of \$18,000. This quote is for the purchase of the VFDs only and we intend to install the VFDs in-house with assistance from Grand Canyon Pump & Supply. Total cost including installation should be less than \$25,000 and will be funded from the WIFA loan. We are waiting for the blower manufacturer to confirm the amount of electrical savings that can be realized from installing VFDs on the blowers. Once we have confirmed the savings we will moved forward with the upgrades.

**6-01-14** –Staff has made changes to the blower intake and discharge to reduce electrical usage by the blowers. We are waiting for a final proposal and confirmation from Grand Canyon Pump that switching to VFDs on the WWTP blowers will result in anticipated electrical savings.

**7-01-14** –On July 1, 2014 WIFA opened the application process for Technical Assistance Grants. Utilities staff intends to submit an application for an engineering study to identify recharge possibilities for our reclaimed water (A+ effluent). The Technical Assistance Grants are available up to \$35,000 and normally have a 50% match. Our application will stress the sustainability component of recharging our reclaimed water and we may qualify for a grant with zero matching funds.

**9-01-14** –On August 26, 2014 Utilities staff submitted the WIFA application for a Technical Assistance Grant. The application is to fund an engineering study to identify disposal options and recharge possibilities for our reclaimed water (A+ effluent). The Technical Assistance Grants are available for amounts up to \$35,000 and normally have a 50% applicant match. Our application stressed the sustainability component of recharging our reclaimed water and we feel we qualify for a “green grant” with zero matching funds.

At the WWTP Utilities staff is evaluating the intake air flow reduction made to the WWTP blowers and any possible electrical savings based on seasonal changes to the treatment process. More information is needed before making a final decision to installed VFDs on the two blowers.

**10-01-14** – The Town’s WIFA application for a Technical Assistance Grant will be evaluated and voted on by the WIFA Board during their meeting in the middle of October. The application is to fund an engineering study to identify disposal options and recharge possibilities for our reclaimed water (A+ effluent).

Utilities staff had adjusted and reduced the intake air flow for the WWTP blowers in May 2014 and there has been an average electrical savings of 23.4% from May 2014 to September 2014. This represents an average savings of \$1800.00 per month or \$21,600.00 per year. We are holding off on the decision to installed VFDs on the two blowers in order to evaluate seasonal changes to the energy demand for this process. Actual comparative electrical usage data was only available from May to September 2013 and 2014.

**11-01-14** – The Town’s WIFA application for a Technical Assistance Grant was not selected by the WIFA Board for grant funding during their quarterly meeting in the middle of October. The application was to fund an engineering study to identify disposal options and recharge possibilities for our reclaimed water (A+ effluent).

Based on Utilities staff adjustments to the intake air flow for the WWTP blowers there has been an average electrical savings of 23.4% from May 2014 to September 2014. This represents an average savings of \$1800.00 per month or \$21,600.00 per year. We have decided to close out the WIFA loan funding for the WWTP Project and hold off on installing VFDs on the two blowers. If the two VFDs are deemed necessary at a future date they will be purchased and installed out of the Utilities Sewer Equipment Budget.

**12-01-14** – We submitted the necessary paperwork to close out the WIFA loan funding for the WWTP Project. The final amount borrowed was \$5,154,461.71, leaving \$345,348.21 of the original loan amount of \$5,500,000.00 unused. The loan can now be finalized and a new amortization schedule with recalculated payments

**1-01-15** – The final costs for the WWTP Project came in at \$5,154,461.71.

**2-01-15** – Staff is investigating ways to optimize process control and standard operating procedures (SOPs) for the WWTP. The Town of Clarkdale should close on the purchase of the property, at and around the land disposal area, from Clarkdale Metals Corporation sometime in February 2015.

Priority	Issue	Action Steps	Due Date	Assigned To	Comments
1	Reclaimed Water	Create Reclaimed Water Master Plan		Utilities	

2014 – As of 7/1/14 no further progress on the reclaimed water master plan.

Utilities Department Capital Improvements Projects – Update: November 1, 2014

Priority	Issue	Action Steps	Due Date	Assigned To	Comments
1	Water System Improvements	Arsenic Removal System Lower Clarkdale Water Line Replacement Project Mescal Well		Utilities	

**3-01-14** The Twin 5s Water Main Replacement Project has been closed out with WIFA.

Work continues replacing the old water main along Benatz Trail (looping the water system from Broadway to Zuni) and is progressing slowly. This work is being done in-house and we will schedule finishing installation of this water line with consideration of staff's current workloads.

**4-01-14** Work continues replacing the old water main along Benatz Trail (looping the water system from Broadway to Zuni) with the Benatz Trail section completed, tested, and in-service. In April staff will start the installation of the loop from the Benatz Trail to Zuni to complete the project and loop the distribution system. This work is being done in-house and we will schedule finishing installation of this water line with consideration of staff's current workloads.

**5-01-14** Work continues replacing the old water main along Benatz Trail (looping the water system from Broadway to Zuni) with the Benatz Trail section completed, tested, and in-service. In April staff will start the installation of the loop from the Benatz Trail to Zuni to complete the project and loop the distribution system. This work is being done in-house and we will schedule finishing installation of this water line with consideration of staff's current workloads. We are within forty (40') feet of making the final connection on Zuni and testing this section of water main.

**6-01-14** The new water main along Benatz Trail and the loop from the Benatz Trail to Zuni have been completed, tested, and are in-service. In June staff will adjust the pressure regulating valves on Broadway and Centerville Road and allow the Centerville Road mains to feed water to Lower Town and adjacent areas. The Broadway and Main Street PRVs will be adjusted so that they will feed water into Lower Town and the adjacent areas in periods of high water demand.

**7-01-14** The new water main along Benatz Trail and the loop from the Benatz Trail to Zuni are in-service. In June staff adjusted the pressure regulating valves on Broadway and Centerville Road to allow the Centerville Road water mains to be the primary feed of water to Lower Town and adjacent areas. The Broadway and Main Street PRVs were adjusted so that they will only feed water into Lower Town and the adjacent areas in periods of high water demand. This work was completed in-house by Utilities staff.

In June we contracted with Fred Goldman P.E. to prepare a water model for the Town's distribution system. This water model will allow the Town to determine how water moves in our distribution system, how to connect the Mescal Well to our distribution system, and may help us determine where leaks or other water usage result in high unaccounted water demand.

**9-01-14** Utilities staff has scheduled to flow or test fire hydrants in the Lower Town area early this fall to meet Fire Department requirements to flow tests the hydrants on a yearly basis, and to determine the effectiveness of looping that area of the distribution system and adjusting the PRVs.

August 28, 2014 I met with Fred Goldman P.E. to review the hydraulic model for the Town's water distribution system. We addressed over 36 questions about the current system components and pipe sizes in the water distribution system so that final adjustments could be made to the model. This water model will allow the Town to determine how water moves in our distribution system, how to connect the Mescal Well to our distribution system, and may help us determine where leaks or other water usage result in high unaccounted water demand. This model will be an effective tool in managing our potable water resources and can be easily updated to reflect future changes in our distribution system.

We also discussed the Bitter Creek effluent disposal option and the application and AZPDES (Arizona Pollutant Discharge Elimination System) permitting process. Based on the information provided by Fred Goldman I am moving ahead with the application and permitting process with AZDEQ to obtain the necessary AZPDES Permit to discharge into Bitter Creek.

**10-01-14** Utilities staff have scheduled to flow or test fire hydrants in the Lower Town area the beginning of November 2014 to meet Fire Department requirements to flow tests the hydrants on a yearly basis, and to determine the effectiveness of the capital project to loop that area of the distribution system. During the flow testing Utilities staff will evaluate the operation of and adjust the PRVs controlling that pressure zone. By looping the area of the distribution system and adjusting the settings on the PRVs we feel those changes should address pressure issues we had experienced in Upper Town during high fire flows or usage in Lower Town.

We are continuing discussions with Fred Goldman on the the Bitter Creek effluent disposal options and the AZPDES (Arizona Pollutant Discharge Elimination System) permitting process. Based on current information and a possible land acquisition by the Town we have directed Fred Goldman hold off on the application and permitting process with AZDEQ necessary to obtain an AZPDES Permit to discharge into Bitter Creek.

**11-01-14** Utilities staff and the Fire Department have scheduled to flow or test fire hydrants in the Lower Town area the beginning of November 2014. With the recent purchase by the Town of Clarkdale of the effluent disposal site and related properties we have put on hold further consideration of the Bitter Creek effluent disposal options and moving forward with the AZPDES (Arizona Pollutant Discharge Elimination System) permitting process with Fred Goldman.

**12-01-14** Utilities staff and the Fire Department flow tested fire hydrants in the Lower Town area during November 2014. The purchase, by the Town of Clarkdale, of the effluent disposal site and related properties is progressing with the survey completed 11/22/ & 11/23/14. There has been no further consideration of the Bitter Creek effluent disposal options and moving forward with the AZPDES (Arizona Pollutant Discharge Elimination System) permitting process with Fred Goldman.

**1-01-15** Utilities staff and the Fire Department flow tested fire hydrants in the Lower Town and found that flow into the new (2007) 12" water main installed on Ninth Street and Main Street was limited and insufficient to maintain flow volumes during high usage events such as fires and hydrant flushing in Lower Town. Further investigation showed that the new 12" main had never been connected to the existing 6" main on Ninth Street. This meant that the 12" main was only being fed by an old 4" steel main and could never recover during a high usage event. During high usage events, fires and flushing, businesses and the Town Hall Complex would lose water service. I have contracted with Felix Construction, under a job order contract (JOC), to do make the connection between the mains and

replace sub-standard pipes and valves in that area. This work has been scheduled for January 19, 2015. We continue to fine tune the water distribution system hydraulic model with Fred Goldman.

**2-01-15** Felix Construction completed the work on Ninth Street under a JOC process during the week of 1/19/15. They removed a failed section of 90+ year old steel piping and a 4” and 6” pipe manifold connection to an old hydrant. The hydrant was removed after discussions with Chief Moore and a new hydrant will be installed at another location down the street during the Upper Town Water Main Replacement Project. New 8” and 12” C-900 PVC pipe was installed and the existing 6” main was connected to the 12” main installed as part of the Broadway Water Main Replacement Project. That 12” main is now feed from a 4” and a 6” connected improving flows, reducing water outages in Upper Town, and improving firefighting capabilities in Lower Town. The contractor will return as soon as blacktop is available to pave the area of the excavation. We are scheduled to set up a work station and install the water hydraulic model by the third week of February 2015. Staff is preparing a Technical Assistant Grant application to submit to Water Infrastructure Finance Agency (WIFA) for design funding for the Upper Town Water Main Replacement Project. The maximum amount we can receive is \$35,000.00 and design costs for that project are projected to be between \$250,000 and \$275,000. This grant application is due to WIFA by the end of February 2015.

**Traffic**

There were three traffic accidents this month. Two were property damage and one was a personal injury accident. The personal injury accident resulted in minor injuries to a bicyclist who was struck by a vehicle. Overall traffic stops were down for the month while citations were up slightly. There was one DUI arrest this month made from saturation patrol efforts paid for by our State DUI grant.

**Crime**

There were no violent index crimes reported this month. Seven property crimes were reported including three burglaries. Of those burglaries, one was to a residence and one was to an RV storage facility where a generator was stolen. Four thefts were reported, one was of a cell phone, also part of the remaining burglary reported. A theft of a package from a porch in Lampliter, the package was worth approximately \$40.00. Clarkdale Officers also made 9 arrests this month. These arrests ranged from driving on a suspended license to domestic violence.

\*\* Collection of reserve, ambassador and volunteer hours began in November, 2014.

**Traffic**

There were four traffic accidents this month. One was a hit and run, one a property damage and the other two involved a personal injury. The personal injury accidents were the result of young drivers who had just received their licenses and who did not pay close attention to the environment. One also involved weather while the other one was just inattentive driving. Total traffic worked for the month was up slightly.

**Crime**

Major property index crimes for the month were down substantially. When factoring in criminal damage (not reported as an index crime) and other investigations, the overall crimes investigated for the month substantially increased. There were a total of 5 arrests for the month ranging from domestic violence to a warrant arrest. Personnel also investigated a sexual assault.

\*\* Collection of reserve, ambassador and volunteer hours began in November, 2014.

**Automatic Aid** is a formal agreement between area fire departments and occurs whenever certain predetermined conditions exist and are reported to the 911 dispatcher from the caller. Automatic Aid is a sharing of local resources.

**Mutual Aid** is reciprocal agreement between regional and state wide fire departments. Responses under a Mutual Aid agreement are usually provided only when an agency asks for assistance, such as when it's resources are depleted by an unusually large incident or a number of simultaneous small incidents. Specific resources may also be requested for certain situations, such as hazardous materials and rope rescue teams.

155	1623 Beecher St.	Crack in bonnet	Yavapai / Apache

**Comments:** The Nation plans to remove the Russel St hydrant and replace it with a flush valve. They are waiting for funding and plan to replace the cracked Beecher St hydrant at the same time.

# Staff Report

---

**Agenda Item:**           **WORKSESSION** – A presentation, review and discussion of the information and data recently collected by the Community Services Department regarding usage of certain services and programming.

**Staff Contact:**           Janet Perry, HR/Community Services Director  
Dawn Norman, Community Services Supervisor  
Joni Westcott, Community Services Administrative Assistant II

**Meeting Date:**           February 24, 2015

**Background:**           Last year the Community Services Department (CSD) created and distributed a survey to query the community and gain feedback regarding certain events, programs and activities currently being provided by the Town, and to collect information about other ideas and desires community members might have in these areas.

A copy of the survey and its resulting information is included in this packet. Staff will also be presenting additional data collected last year as a result of actual programming and attendance, and hands-on, daily operations.

**Recommendation:**      This item is for discussion and possible direction to staff. No formal action is required.

**Town of Clarkdale**  
2014 Community Activity Survey

Hello! Your Community Services Department is asking Clarkdale citizens to provide input regarding certain events, programs and activities that have either taken place, or you'd be interested to see happen in Clarkdale. While the resources available to provide these types of community activities continue to be limited, the feedback provided in this brief (2-sided) survey is very valuable to us and will help serve as a directional guide as we are able to take steps forward. We invite each household's participation, and appreciate the time and efforts to do so. The deadline to submit completed surveys is Friday, November 14, 2014.

**1. Counting yourself, how many people in your household are:**

Age 19 & under \_\_\_\_\_ 45 – 64 years \_\_\_\_\_  
 20 – 44 years \_\_\_\_\_ 65 + years \_\_\_\_\_

**2. What are the best methods for you and your household to receive information about Town events, programs and activities:**

- |  |   |
|--|---|
| <input type="checkbox"/> Newspaper                   | <input type="checkbox"/> Word of mouth                        |

Art in Public Places			
Halloween			
Movies on Monday			
Annual Book Sale			
Santa Comes to Town			
Caroling in the Park			

5. For each of the following Clark Memorial Library services offered this past year, if you or a member of your household did **NOT** make use of it, please indicate why:

TYPE OF SERVICE	NOT A SERVICE WE NEED	NOT AWARE OF THIS SERVICE	I USE ANOTHER LIBRARY FOR THIS SERVICE
Children's Early Literacy			
Computer Station			
Computer use			
Wi-Fi			
Meeting/conference room space			
In-house catalog station			
Book check-out			
DVD/Blu-ray check-out			
Online, downloadable items (e-books, audio)			
Talking Book Library			
Use online catalog to reserve items			
Purchase used books			

6. Please check any of the following activities you OR any member of your household would have an interest in attending:

- Preschool programs/activities
- Youth after school programs/activities (i.e. art, game day, hiking, wildlife/nature, homework/study groups, app sharing, astronomy, etc.)
- Youth mini-day camps (on no-school days)
- Youth summer programs
- Teen programs/activities (i.e. art, game day, hiking, wildlife/nature, night dances, etc.)
- Adult programs/activities (i.e. nutrition, ancestry, gardening, photography, cooking, geocaching, sustainability, language, astronomy, art, etc.)
- Family programs/activities
- Additional Town Park events (i.e. art/craft fairs, campfire stories, movie showings, etc.)
- Public River Access Point programs/activities (i.e. nature walks & lectures, birding, geology, hiking, kayaking, etc.)
- Technology training (i.e. internet use, computer/tablet/e-reader basics, job searching, etc.)

2014 SURVEY RESULTS

**Q1**

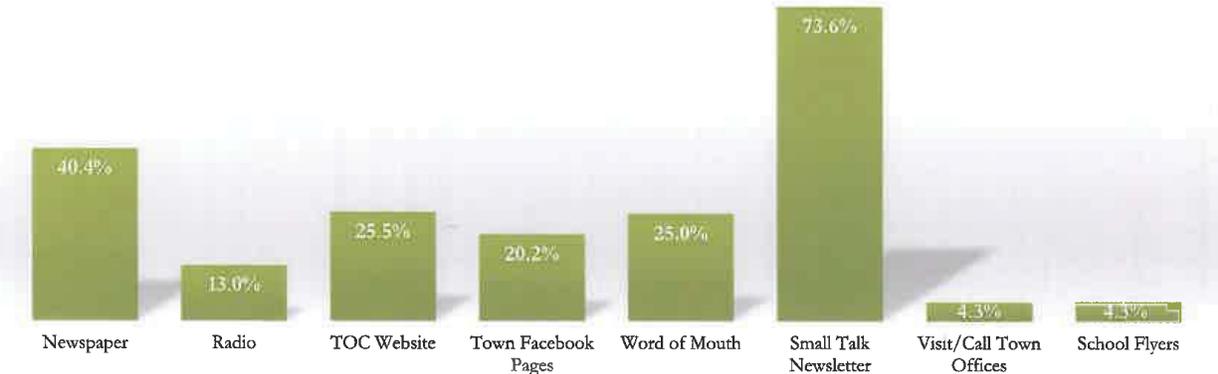

**Household Information**  
**214 Households/Respondents**

Responses Represent 452 Clarkdale Residents

**HOW MANY IN THE HOUSEHOLD ARE:**

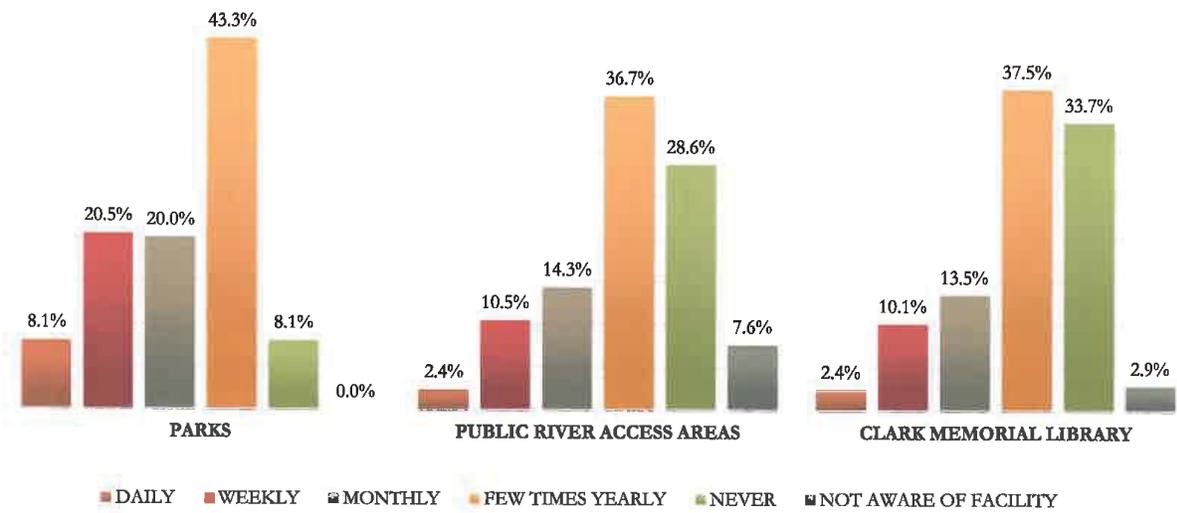

## Q2 BEST METHOD TO RECEIVE INFORMATION

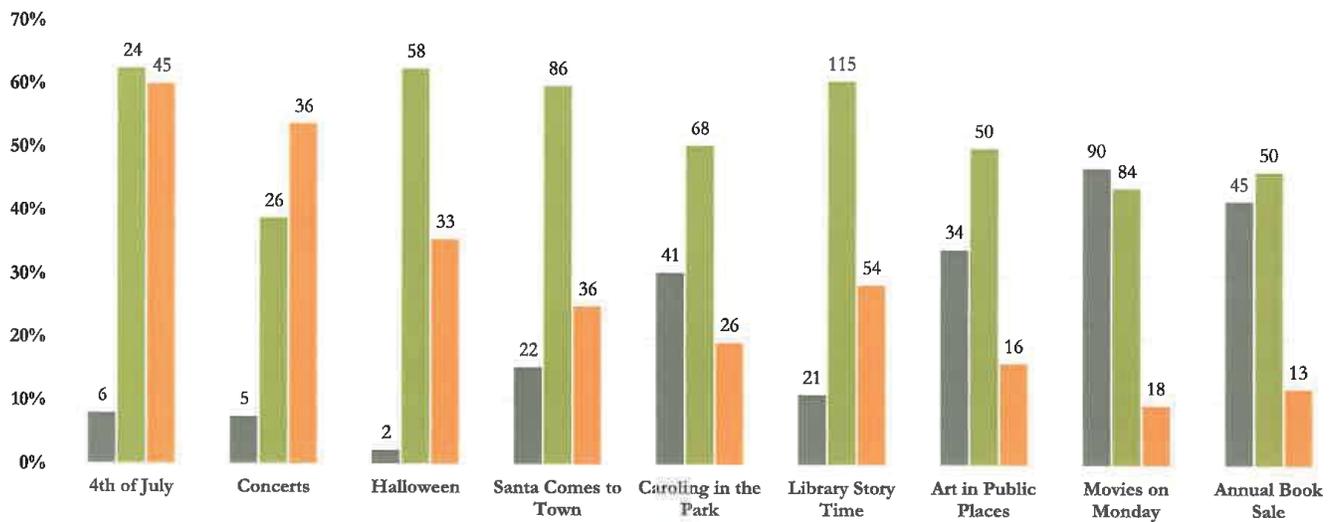

### Q3

## VISITS TO CLARKDALE RECREATION AREAS/FACILITIES

## Q4 TOC EVENTS/PROGRAMS NOT ATTENDED AND WHY

Not Aware  
  Not Interested  
  Other

## Q4-OTHER REASONS PEOPLE DID NOT ATTEND TOC EVENTS

### 4TH OF JULY

Activities too early in the a.m.  
Too old  
Too hot  
Out of town (7)  
Go to Cottonwood  
Have to work (3)  
Too many people, parking  
Age/health considerations (2)

### CONCERTS

Don't like to go alone  
Schedule conflicts and weather (4)  
Forgot  
No beer allowed, not even one  
Too busy (2)  
Age/health considerations (3)  
Working (2)  
Out of town

### HALLOWEEN

Have own party  
Out of town (2)  
No kids (14)  
Too many people (2)

### MOVIES

During work hours  
No children (14)

### BOOK SALE

Forgot (2)  
Age/health considerations (2)

### STORY TIME

No children (17)  
Kids too old  
Only in Clarkdale on weekend  
Schedule conflicts

### SANTA

At the Cottonwood Christmas Parade  
Out of Town (2)  
No children (15)

### CAROLING

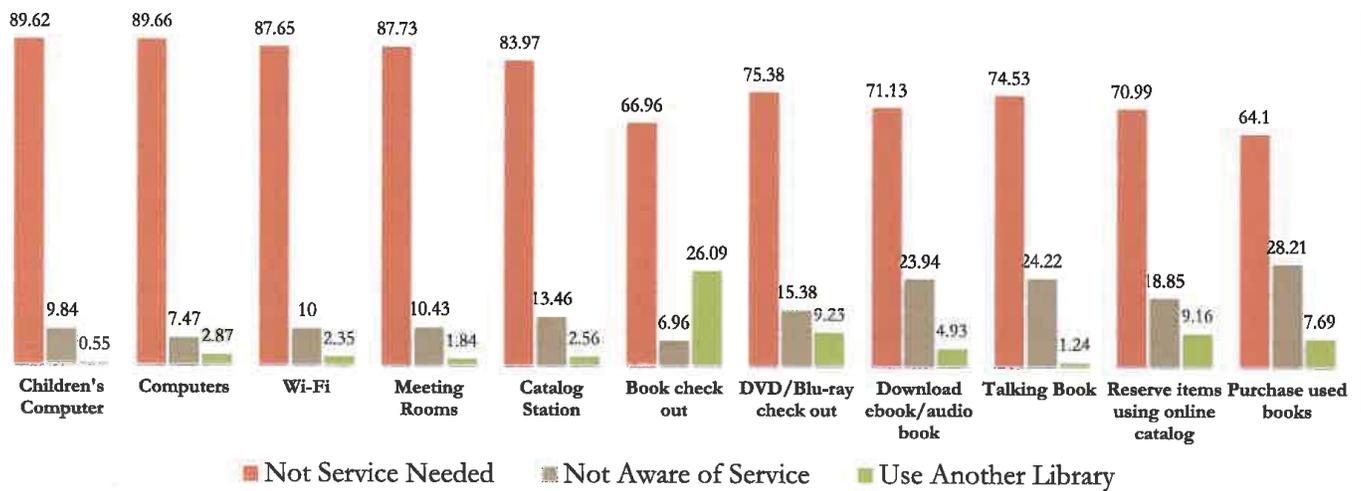

No time  
Working  
Health reasons

### ART IN PUBLIC PLACES

No time  
Age/health considerations (2)  
Forgot

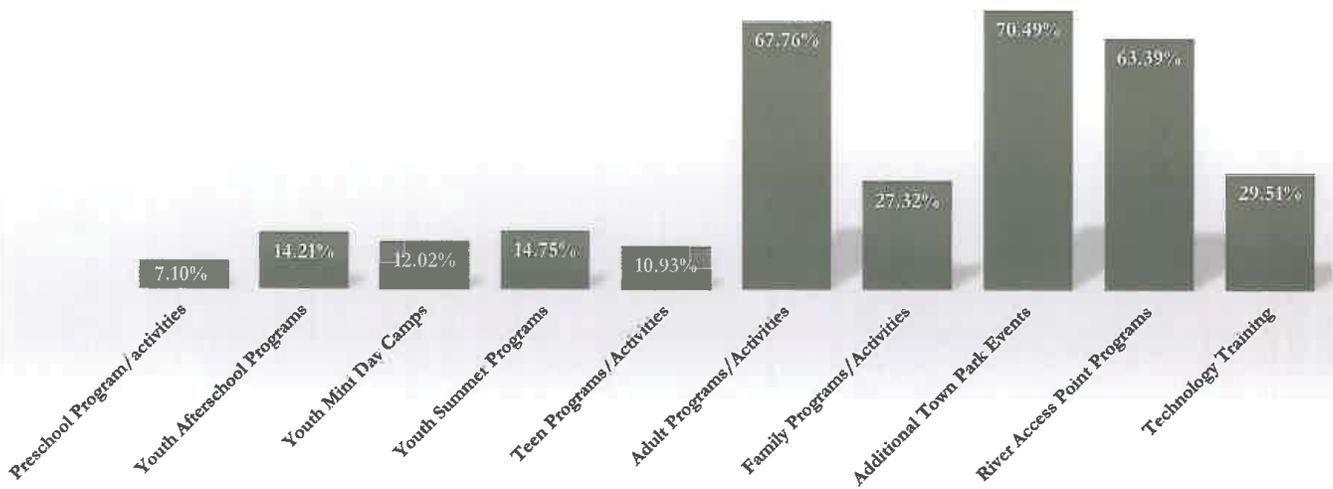

## Q5

### LIBRARY SERVICES NOT USED AND WHY

## Q6

### ACTIVITIES COMMUNITY MEMBERS HAVE INTEREST IN ATTENDING

## Q6-RESPONSES TO “OTHER” OPTION REGARDING INTERESTS

- My grandchildren would be interested in youth programs.
- Vocational tech training, art classes (drawing, painting, 3D animation, arts and crafts, sewing)
- Pool reopened
- Adult programs such as hiking, wildlife/nature
- Not a big fan of kayaking/canoeing on the Verde, particularly large groups. Would like to hear more about hiking trails.
- More youth events-pool opening/baseball field
- Bicycling if streets were safer
- Trail system along/near the river for running, hiking, biking
- Ancestry, photography, art/craft fairs
- Photography
- Additional services not needed. The Town can afford to offer the above??? Plus the liability insurance..who pays for it all?
- Bus trips to events or shopping
- Would like to provide art related programs; teach workshops, provide materials, etc.
- Cycling, hiking trails
- Bring back Rhythm and Ribs!! Ask for more volunteers instead of axing a favorite event.

# ADDITIONAL COMMENTS FROM SURVEY RESPONDENTS

Would be interested in doing youth programs for astronomy. Think there should be a food bank for Clarkdale residents only.

Nice job soliciting community involvement & participation in building community. We appreciate your efforts and thank all for all you do. You are surveying 2 who between work & church community are usually out of the home 10-14 hour. 6 days a week. Not that uninterested, time issue for some of these.

Love your library staff! Best group of workers I have ever seen!

For your budget and size I think you do a great job providing services to the community.

Definitely need more programs for kids and teens. Library space need to be reassessed. Do we need a traditional library? How better could the space be used? Need to look forward

Provide an envelope for your bill!!

Activities that bring in large, noisy groups impose on nearby residents; location, size and duration of such activities should be carefully considered and located in appropriate settings, not necessarily on Main Street. Would like to see a 'neighbors helping neighbors' program in Town and a community garden project for growing and sharing healthy foods.

We just moved her so we look forward to participating in events in the future.

We feel the town should allocate most of this money to open the baseball field back up.

Maybe WiFi at the park near gazebo

Please don't shut down Halloween at 7pm. Let it run until 8:30 or 9:00.

Program(s) at Centerville Park.

Please! Send a return envelope with your utility bill. You are the only one who doesn't.

I just moved into the community in Oct. I am very excited to be a part of Clarkdale's wonderful community.

We love watching improvements and growth in our little town of Clarkdale.

Technology training for elderly would be very helpful

Because of the proximity of the Cottonwood Library, I think the library budget should be used to only supply computer use & WiFi. The books are not necessary. Any budget savings could be used to support Made in Clarkdale or other events.

<p>I know it's nice to have events and services locally, however, since Clarkdale is so close to Cottonwood, and Cottonwood has better resources, with better availability (hours/days open), it would make sense to me to get rid of some of the services in Clarkdale. The library for example. Since they are hardly open when I would be able to go, I never go and just use the one in Cottonwood, which I use often. I wish there was a way to consolidate some services between Cottonwood and Clarkdale.</p>
<p>Doing a great job! Thanks!</p>
<p>Just moved here in February. Wasn't aware of these things, but would be interested now that I know.</p>
<p>I have not visited the Public River Access areas but I plan to!</p>
<p>The library should become a pick up/drop off location as supposed to a full service library where the only people in the library are those playing computer games all day. The community would be better served with a limited amount of services and hours. The book collection is not serving the needs of the community but the transit services are very popular.</p>
<p>For some of us, Clarkdale is that place "way over there", where we send money for water and trash pickup, pay high property taxes and get little in return. How about more enforcement of speeding on Old Jerome Speedway and non-stop barking dogs? Or just annex on to Cottonwood so we can get a return on sales taxes?</p>
<p>Although we do not utilize the youth services, we believe they are a vital part of our community. Our youth really need good programs!</p>
<p>Is it possible to get an email distribution group to let us know of web site updates?</p>
<p>We love Clarkdale</p>
<p>See above! Port~ a~ potties were overflowing and V.I.P. section was mostly empty...how about a happy medium?! Motorcyclists may fill motel rooms...we are the people that live here... There must be a solution!</p>
<p>Love the Made in Clarkdale Art Show...my thought for last year, was that it would've been nice to have tables/chairs to sit and enjoy the music with my beverage. So maybe this year that will happen.</p>
