

PRESS RELEASE

(December 1, 2010 - Clarkdale, AZ) The Town of Clarkdale has started the process to develop an ordinance that accommodates the provisions approved by the voters in the passage of proposition 203, medical use of marijuana. Arizona cities and towns are able to enact reasonable zoning regulations that limit the use of land for registered nonprofit marijuana dispensaries and cultivation facilities to specified areas within their communities. Clarkdale is following their normal zoning ordinance development process in order to develop amendments to the Town's Zoning Code.

The Clarkdale Planning Commission and Town Council are urging the residents of Clarkdale to come to participate in the development of this important zoning ordinance by providing input at upcoming public meetings.

The next opportunity for public input will occur at the Clarkdale Planning Commission's meeting that is scheduled at 6:00 p.m. on Tuesday, December 21, 2010. The meeting will be held in the Men's Lounge of the Clark Memorial Clubhouse.
