Town Manager –

Staff continues to stagger schedules to minimize social contact. Plexiglass will be installed at all the transaction counters to provide safety for staff and patrons. The offices will remain closed till the plexiglass is in place.

We were recently informed that local towns/cities below 500,000 will receive COVID-19 relief funds from the State of Arizona CARES Relief. This has some flexibility, but will only fund expenses with Fire, Police, EMS, and 911. The Town can submit a forecasted payroll from March 1, 2020 through December 31, 2020 under this AZCares fund. The Town of Clarkdale has been designated for an allocation of \$504,116 of the \$441 million the state received from CARES Act dollars. In order for the Town to receive any of these funds, the municipality must register with FEMA for public assistance. The Town Council passed a resolution designating a Public Agent at this week’s Council Meeting allowing for the organization to complete the FEMA registration.

I met with the Public Works Department this week to answer questions regarding budget, work schedules and prioritizing projects to ease some of the concerns sense this department has two (2) vacant positions and soon will have three (3).

- A notification went out to all the Board and Commission incumbents notifying them of the opportunity to reapply for appointment. The incumbent can fill out a Re-Apply Application. Contact Mary Ellen Dunn at MaryEllen.Dunn@clarkdale.az.gov.
